Additional information can be obtained from David Decker, U.S. Department of Housing and Urban Development, Real Estate Assessment Center, 451 Seventh Street, SW, Room 5156, Washington, DC 20410-5000.

**SUPPLEMENTARY INFORMATION:** The Department will submit the proposed information collection to OMB for review, as required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35, as amended). The Notice is soliciting comments from members of the public and affecting agencies concerning the proposed collection of information to: (1) evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (3) enhance the quality,

utility, and clarity of the information to be collected; and (4) minimize the burden of the collection of information on those who are to respond.

This notice also lists the following information:

*Title of Proposal:* Forms for Large-Scale Computer Matching Income Verification.

*OMB Control Number, if applicable:* Not Available.

*Description of the need for information and proposed use:* A notice, published December 9, 1998 (63 FR 68129), describes the computer matching program applicable to this information collection requirement. HUD has recently transferred the responsibility for the computer matching income verification program described in that notice to its Real Estate Assessment Center.

REAC has developed the Tenant Assessment Subsystem (TASS) to identify potential sources of income discrepancies between income reported by tenants and submitted by Public Housing Agencies and owners and agents (POAs) with Federal tax data provided by the Internal Revenue Service and the Social Security Administration. The process of comparing these two sources of income information is referred to as computer matching income verification (CMIV). TASS will be used to identify potential income discrepancies for tenants receiving assistance under HUD's Public Housing (Low Rent), Section 8 Tenant-Based, and Section 8 Project-Based programs. Through the use of CMIV, TASS will:

- Identify potential income discrepancies;
- Generate letters to be sent to tenants identifying possible income discrepancies;
- Prepare notifications of possible tenant income discrepancies for POA processing and resolution; and
- Track POA discrepancy resolution and recovery of excessive rental assistance provided to tenants due to underreported income.

POAs will be required to resolve potential discrepancies through the identification of both positive and false positive discrepancies, and to adjust or terminate tenant rental assistance for verified discrepancies. Recovery involves a prudent attempt by POAs to obtain full repayment of excess tenant rental assistance through repayment agreements or prospective adjustments to future rental assistance.

The REAC has developed three forms to help capture and summarize data concerning POA income discrepancy resolution and recovery of excessive
